

# About this README

[Contents](#) [Next](#)

This is the Climate Data Analysis Tools (CDAT) version 4.0 source distribution. LLNL URL-CODE-2002-0021. (Please see file Legal.htm for our licensing details.)

CDAT and its documentation are freely available at <http://www-pcmdi.llnl.gov>, the home page of the Program for Climate Model Diagnosis and Intercomparison (PCMDI). (Please select the "SOFTWARE" menu at the top of this website). For release notes, see the ReleaseNotes document.

The CDAT research and development team has prepared this README document. This document is aimed mainly at those wishing to install CDAT.
